

Technical Disciplines Reviewer Groups

PS 10

G r o u p A	Disc.	Description
	A-3	Archaeological Services
	A-5	Asbestos Remediation
	E-2	Intelligent Transportation System (ITS) Facilities
	E-8	Electrical Requirements
	G-4	Goods Movement
	H-2	Historic Architectural Surveys / Mitigation
	L-1	Landscape Architecture
	M-1	Market & Customer Researcher - Transportation
	M-8	Material Inspection & Engineering

Disc.	Description
M-9	Maritime Transportation
M-10	Marine Transportation System Planning
P-3	Pedestrian / Bicycle Facilities
S-2	Subsurface Utility Engineering
T-4	Transportation Data Systems
T-5	Transportation Demand Modeling
T-7	Transportation Planning
T-12	Transportation Security Requirements
U-2	Utility Engineering

G r o u p B	Disc.	Description
	A-6	Aviation Services
	B-1	Bridge Design
	B-4	Bridge Design - Moveable
	C-5	Construction Inspection - Intelligent Transportation System (ITS)
	D-2	Dredge Material Management
	G-1	Geographical Information Systems
	G-2	Geotechnical Design
	H-1	Highway Design

Disc.	Description
I-1	Bridge Inspection, Simple
I-3	Bridge Inspection, Moveable
I-5	Bridge Inspection, Complex
M-7	Inspection of Structural Steel and Welding
N-1	Noise Easement & Analysis
R-2	Right of Way Services
S-1	Surveying
T-3	Transportation Access Management

G r o u p C	Disc.	Description
	A-1	Aerial Photography Surveys
	A-7	Air Quality Analyses
	C-1	Claim / Litigation / Support Services
	C-6	Construction Inspection - Bridge / Road
	C-7	Contamination Screenings
	E-3	Environmental Assessments / EIS
	E-4	Environmental Permitting
	E-5	Environmental Physical Site Investigations
	E-7	Environmental Remedial Support

Disc.	Description
G-3	Global Positioning Systems
H-3	Hydrology / Hydraulics
I-6	Inspection of Dam
M-6	Prestressed / Precast Concrete Inspection
P-2	Pavement Management Systems
P-4	Public Involvement Transportation Issues
P-6	Pavement Design
T-1	Traffic Engineering
